To: Sessions and Friends of the PCA

Behold, how good and pleasant it is for brothers to dwell together in unity (Psalm 133:1).

The General Assembly concludes each year with the commissioners singing together Psalm 133. The PCA General Assembly met June 15-18 in Louisville, KY, ending a day early. RE Tom Leopard, of Briarwood Presbyterian Church of Birmingham, AL, was elected moderator. One thousand, two hundred, eighteen commissioners registered; 854 Teaching Elders and 364 Ruling Elders, representing 643 churches. The Assembly received progress reports from all General Assembly Ministries (committees, agencies, and educational institutions). Among the actions taken by the Assembly were the following.

PCA Growth
The Stated Clerk reported that, as of the end of 1998, the PCA had 1,404 churches (including 220 mission churches), a net gain of forty-eight churches and 289,906 members (including ministers and covenant children), a net gain of 6,525 members. Reported contributions received by churches totaled $404,360,040.00, an increase of $35,000,000.00 Churches’ support of General Assembly Ministries totaled $21,784,177.00, an increase of $561,357. About 38% of churches submitted no annual report and some churches submitted membership data but no financial data. Therefore, the statistics are incomplete.

Financial Goals
The Assembly approved budgets totaling $60,109,414.00 for General Assembly Ministries (see attached Partnership Shares). Budgets are not-to-exceed spending authorizations. Under the PCA’s polity, each General Assembly Ministry is responsible to communicate its opportunities and responsibilities to the churches with a view toward the churches voluntarily supporting the respective General Assembly Ministries. There are no assessments or equalization of funds.

Creation Study Committee
The CSC reported that they are studying four major views on Genesis chapters one and two with reference to the views’ fidelity to the Scriptures and consistence with the Westminster Standards, namely: 1) Calendar-Day Interpretation, 2) Day-Age Interpretation, 3) Framework Interpretation, and 4) Analogous-Days Interpretation. The committee presented a statement to the assembly (see attachment) and received permission to continue its work and report to the 2000 General Assembly in Tampa. A resolution was also adopted (see attachment). The Assembly reaffirmed its commitment to the Scriptures, divine creation of the universe and Adam and Eve as progenitors of the human race, and denied macro evolution. The committee’s work will be funded by designated contributions channeled through the Administrative Committee.

True to the Scriptures, to the Reformed Faith, and Obedient to the Great Commission
Women in Combat Study Committee
The Committee presented a report that concluded that women should not be subject to the draft nor be put into combat situations. The Assembly received the report as advice to the churches and approved the moderator's adding three additional members to the committee to perfect the report for presentation to the Assembly next year. The committee's work will be funded by designated contributions channeled through the Administrative Committee.

Warning Regarding Homosexual Agenda
